

# Certificate I in Animal Studies

## Do you want a career working with animals?

**Certificate I in Animal Studies** is an ideal introduction into the animal care industry. You will gain fundamental knowledge and skills that will allow you to start your dream career in animal care. This course is conducted online over six months and may assist you in gaining employment within the industry.

### Can't find work placement to enrol into one of our higher qualifications?

You can complete this course while you look for placement. A number of the units in this course can then be used as credit towards ACM20110 Certificate II in Animal Studies or ACM40412 Certificate IV in Veterinary Nursing.

### Entry Requirements

There is no specific pre-requisite knowledge required for entry, however you must:

- Have completed Year 10 or be a mature aged student
- Have access to handling and feeding a range of companion animals
- Have reliable internet access, ability to film yourself for assessments and an email address

### Flexible study

Study at your own pace and complete this course in six months. You are required to complete activities and assessments online (including multiple choice questions, online scenarios and video assessments). While practical placement isn't compulsory for this course, you may find it beneficial.

### Core Units

- ACMGAS101A Investigate job opportunities in animal care and related industries
- ACMGAS102A Catch and handle a range of quiet animals
- ACMGAS103A Assist in the care of animals
- ACMOHS201A Participate in occupational health and safe processes
- ACMGAS202A Participate in workplace communications

### Elective Units
